### Importance of Yoga

21.06.2021

The United Nations General Assembly established 21 June as "International Day of Yoga", celebrated annually in India and around the world since 2015.

On 1 December 2016, yoga was listed by UNESCO as an Intangible Cultural Heritage of Humanity.

The impact of postural yoga on physical and mental health has been a topic of systematic studies, with evidence that regular yoga practice yields benefits for low back pain and stress.
